(Deutsche Börse and Designated Sponsor are hereinafter referred to as a "Party" each and together as "Parties")

Preamble

The Parties have entered into an "Agreement on Assignment as Designated Sponsor" (hereinafter "Main Agreement"). This Addendum supplements the Main Agreement with respect to the provision of performance data for the product groups Exchange Traded Funds (ETFs) and Exchange Traded Products (ETPs) in order to enhance transparency for the issuers of such products.

Deutsche Börse provides the Designated Sponsor with the daily and month-to-date performance report (51RPTPM820) for the sponsored ETFs and ETPs (hereinafter "Performance Reports"). The provision of these Performance Reports is free of charge.

1. Consent to Data Provision to Issuers

The Designated Sponsor hereby grants its express and general consent to Deutsche Börse to provide all data contained in the Performance Reports (51RPTPM820), relating to the Designated Sponsor's quoting activity and performance, to the respective issuer(s) of the ETFs and ETPs sponsored by the Designated

Sponsor. This consent applies to all current and future products for which the Designated Sponsor acts as a sponsor under the Main Agreement.

2. Right of withdrawal

The Designated Sponsor is entitled to revoke this consent at any time with immediate effect.

3. Final Provisions

All other terms and conditions of the Main Agreement shall remain unchanged and in full force and effect.
